"The BDGA involvement with the students of the Aledo FFA is over the top Amazing. The BDGA has positively impacted our program through scholarship funding, program funding and providing our students with tremendous mentors of our business community. The Aledo FFA can't thank you enough for all you do!"

Thanks again for all you do!

Aledo ISD
FFA Progam

"The support Camp Fire programs in Aledo receive has provided safe, fun after school and summer day camp programs to low-income families. This opens access to all children in the community to reap the benefits of Camp Fire programs that provide the opportunity for them to explore their sparks, learn to make health choices, build new skills and discover who they are."

– Alicia Galloway, Camp Fire First Texas vice president of group services who oversees Aledo programs

"Every year our ministry gets an opportunity to serve the community at the dinner Friday night. The BDGA donates money to Young Life for our students with financial disadvantages and this gives them the opportunity to go to summer camp! It's an experience like no other where they get to live adventurously all while hearing of Christ's love for them! Thanks for pouring back into the community and caring for the students of this town! "

– Ryan Aldridge, Area Director for Aledo Young Life
